

5 AUG 1955

MEMORANDUM FOR: Chairman, Logistics Career Board

SUBJECT : [REDACTED] Proposed Change of Service Designation from TR to LO

REFERENCE : Memo dtd 15 Jul 55 to Chairman, TR Career Service Board from Chairman, Logistics Career Board

1. At its 4 April 1955 meeting the Administration Career Board discussed the proposed change of subject's Service Designation from TR to LO. Previously the Board had established as principle the assignment of designations to accord as closely as possible with functions performed. To accomplish this more completely, it was recognized that many Service Designations, including that of Mr. [REDACTED], would have to be altered. It was therefore recommended by the Board that its Executive Secretariat compile lists of those personnel and positions within the cognizance of the Deputy Director (Support) whose Service Designations should be changed. The Deputy Director (Support) approved this recommendation.

2. Implementation of this approved recommendation is being carried out. It has been accomplished in the case of one large group of personnel and positions within the DD/P. When all necessary concurrences have been received, an action will be submitted to transfer to more appropriate designations those personnel and positions which now carry or should carry the LO Service Designation. At the time of that action the Service Designation of Mr. [REDACTED] and his position will be changed from TR to LO.

[REDACTED]
Executive Secretary
Administration Career Board
